\$7,500 BETWEEN KENYON STREET AND KILBOURNE STREET

But one square from the cars on Mount Pleasant street. In a section built up with attractive homes. A strictly highclass residence section.

It is but natural that you should wish to know why the houses are offered at such greatly reduced prices. The reason is this: The former owner traded in six (6) of these houses in part payment for several large pieces of business property. The present owner

AS A RESULT OF THIS EXCHANGE

Can afford to sell these houses for \$7,500 each, which is \$1,800 less than the builder asked for them.

The reduction in the price does not indicate any depreciation whatsoever. The houses are worth the original price of \$9,300, and the purchaser of one of them at \$7,500 has a chance to resell at a profit of \$1.800.

Very handsome front. Three stories. Cellar under entire house. Some of them have covered porches in front. All of them have porches in the rear.
